DCI SECURITY COMMITTEE
MONTHLY ACTIVITIES REPORT
JULY 1979

1. The Committee staff coordinated tasking for and results of in-house investigations by Community agencies of the handling of sensitive information leaked to the press. [REDACTED]

STATINTL

[REDACTED] In connection with leak investigations generally, the staff developed recommendations for internal use by a member agency to improve the security protection of particularly sensitive data. [REDACTED]

25X1

2. The Committee's Security Advisory Group, USSR arranged for the acquisition of equipment which will be needed to enhance the security of construction of the new US Embassy in Moscow. This followed on the 30 June signature between the US and the USSR of a construction agreement. Groundbreaking is scheduled for 14 September and excavation is expected to begin on or about 1 October 1979. [REDACTED]

25X1

3. Committee members approved a revision of the attachment to DCID 1/20 which would add seven countries to the listing of areas of security concern with regard to travel and assignment of persons with access to sensitive compartmented information (SCI). A Committee working group [REDACTED]

SECRET

4. The Committee continued efforts to develop minimum guidelines for the adjudication of suitability and security factors bearing on persons being considered for access to SCI. These guidelines are being drafted as a proposed annex to DCID 1/14. Differences among Community agencies on how to treat matters of personal behavior and conduct are being explored with a view towards identification of areas of common agreement.

25X1

5. The Committee staff began review and analysis of the results of a survey by a Committee working group of the qualitative and quantitative aspects of personnel security information obtained from various sources during investigations conducted to DCID 1/14 standards.
